

**C.19**

# COLLECTION C.19

---

Un sistema di pareti divisorie di design pensato per ottimizzare gli spazi all'insegna della bellezza e del Made in Italy.

I divisori C.19 sono facili da installare, igienizzabili e comodi da spostare da un'area all'altra. Possono essere impiegati in qualsiasi situazione come paravento, come divisorì per creare zone riservate o elementi decorativi in vetrina.

Abbiamo trovato ispirazione in ciò che ci emoziona di più come l'arte, la convivialità, i momenti di serenità per far nascere le quattro linee Sunset, Kandinsky, Ice Cream e Clear.

*A system of dividing panels designed to optimise spaces according to beauty and Made in Italy.*

*The C.19 dividers are easy to install and clean and you can effortlessly move them from one area to another. They can be used in any situation as screens, dividing panels to create reserved areas or decorative elements in windows.*

*We found inspiration from what moves us most like art, conviviality and peaceful moments to give birth to the four lines Sunset, Kandinsky, Ice Cream and Clear.*

Linea Ice Cream da banco in plexiglass giallo senape e fumè / struttura in metallo nero opaco  
Linea Ice Cream da terra in plexiglass giallo senape / struttura in metallo nero opaco
