Essence Capsule Collection

Essence Capsule Collection nasce dal legno, materiale storico per l'azienda e da sempre punto forte della produzione.

Essence come “essenza”, che richiama i diversi tipi di legno. “Es”, che in psicologia rappresenta la voce della natura nell'animo dell'uomo, e “sence”, che nel suono inglese ricorda i cinque sensi, stimolati a scoprire ogni particolare.

Il concept unisce il calore del legno e la sua natura eco sostenibile, con il metallo, sfruttato per la sua resistenza strutturale ed esaltato nei dettagli.

Dettagli non solo formali: la collezione nasconde un innovativo sistema a cremagliera. Semplice, funzionale e pensato per enfatizzare il legno massello.

Our Essence Capsule Collection takes life from wood, the fundamental element of our production.

Essence comes from the Italian word “essenza”, which recalls the different types of wood. “Es”, which in psychology represents the voice of nature in the soul of man, and “sence”, which in sound reminds of the five senses that are stimulated to discover every detail.

The concept combines the warmth of wood and its eco-friendly nature with metal, which is used for its structural strength but is enhanced in every detail.

Not only formal details: Essence Capsule Collection hides an innovative rack system. Easy, functional and designed to enhance the solid wood.
