Linea 6

Tecnologia, design e minimalismo si fondono insieme in questa soluzione di arredo che garantisce un'esposizione perfetta all'interno del negozio in un'atmosfera di grande eleganza.

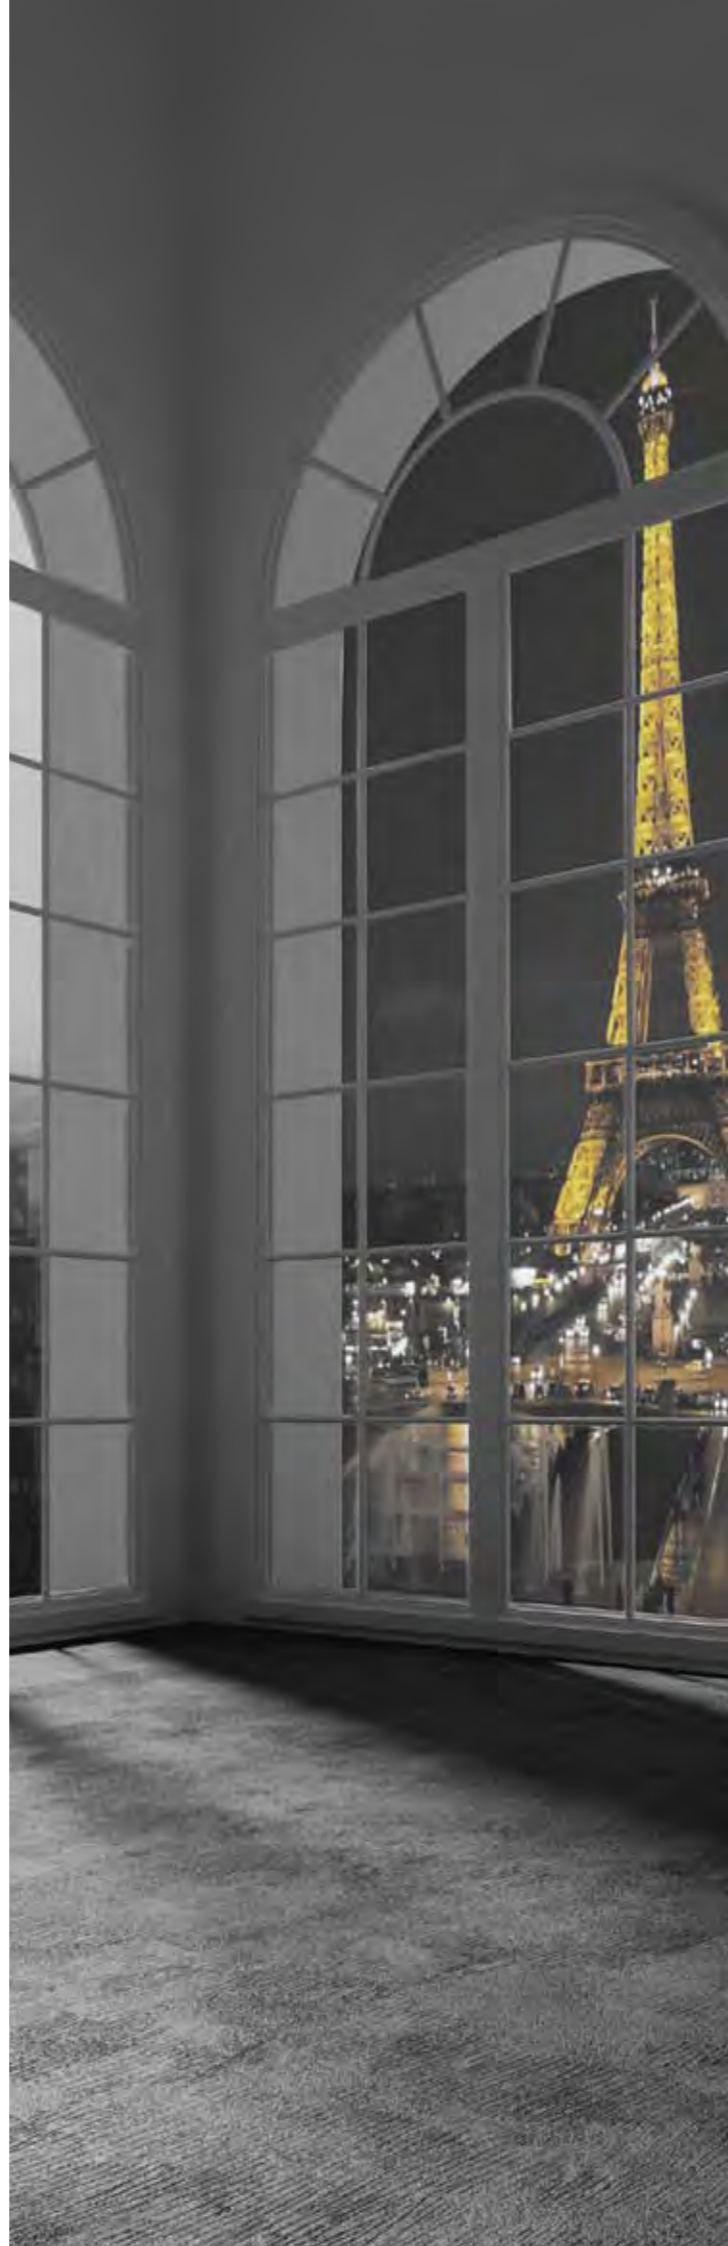

La luce è l'essenza dell'esposizione e fa da filo conduttore a tutta la collezione.

Il mood desiderato si crea giocando con le finiture, con le luci e con un giusto abbinamento degli elementi: il pannello a parete diventa un quadro che fa da cornice ai capi esposti, gli articoli centro stanza una scultura minimale dove gli articoli sembrano sospesi.

Technology, design and minimalism merge together to create a modern elegant solution that makes the products the center point and gives your shop an elegant atmosphere.

Lighting is a feature of this line and can be used on all pieces.

You can obtain the required mood altering the finish of the surfaces. The use of LED lighting and the right combination of the different surfaces make the wall panel like a painting where the garment is enhanced. The freestanding units look like a minimal sculpture where the items comes alive.
